

LVTC Presents the new 2009-2010...

Dance Program

For Kids Ages 2-11

Come join this beginner/intermediate dance class where students will gain poise, confidence, flexibility, coordination, and new friendships through the art of dance in a relaxed, non-competitive environment. Our new *Fairy Princess* class will consist of learning basic dance steps and playing fun games, while wearing royal fairy wings. Our *Dance Combo* classes will include beginners' jazz, hip hop, and ballet. Our *Jazz/Hip Hop* class will consist of learning beginners' jazz and hip hop technique, choreography, and rhythm. Dancers will have the opportunity throughout the year to perform at different community events. We will be ordering costumes for dancers to wear at performances. This is an excellent opportunity for girls and boys to gain confidence by having a great time performing onstage!
